# DEDICATION

Mr. Walter, our supervising principal is not only our teacher, but also our advisor and friend. He has listened to our suggestions and has done everything he could to help us. He has assisted us in all our money raising activities and without his aid we would probably still have an empty treasury. Mr. Walter has also given us many suggestions pertaining to our studies and guidance in choice of our future career. In appreciation of his kindness and understanding we wish to dedicate the Keystone of 1950 to MR. WALTER.

# MILLERTON CLASS HISTORY

Seventh and Eighth Grades:

The great day had arrived, and we were now members of the junior high school after being transferred from the grade school to the high school building. The boys proved how aggressive they could be by rushing in and taking the best seats while the girls stood timidly in the hall.

In the seventh grade, for the first time, we elected class officers and started a treasury by paying class dues. We spent most of the time planning class parties. We owe a vote of thanks to Mrs. Smith for putting up with us for a whole year. Finally May came and another year was completed.

The next September we were transferred to Mr.Gaige,our eighth grade home room teacher.Many of us had to stand in the corner as a result being unable to answer Mr. Houser's history questions. How crowded those corners got!

After we had drilled and drilled, we finally faced those eighth grade exams. Because of illness two of our members were unable to take them.One of them made the exams. up in the summer. As a special privilege we were allowed to march behind the seniors at Commencement.

Ninth Grade:

We were freshmen, and we moved from the eighth grade room with memories of Mr. Gaige's chemistry,down to a room shared with the sophomores. We felt very big--almost as big as our sophomore headaches.The one class party we remember was up on Tower Hill. The boys got a few gray hairs because the girls got lost getting there, and they had all food with them. After the girls finally arrived, they began acting like monkeys,climbing out the windows.

Mr. Bradshaw found that he would have to put up with us for another year, and he didn't look forward to the idea.

Tenth Grade:

How upset can algebra class get? Mr. Bradshaw found out when the boys and girls were determined to sit together.

This year one of our boys dicided that a sailor's life was more exciting than coming to school. Another just got sick of coming, so he became the assistant janitor. Oh, what freedom "Bev" gave up to become a wife!

Cheerleaders should make a point of being cheerful toward each other.This should be significant for some of our class mates.

Shortly before the close of school we were informed that the next year we would attend high school at Tioga.

# LAWRENCEVILLE CLASS HISTORY

Seventh Grade:

At last we were able to climb those long flights of stairs and enter Junior High. We felt pretty proud and big, even though the senior high students looked down on us as mere trifles. We soon got used to more than one teacher, hour-long classes, and a few books to carry home. We spent our last day picnicking in Watkins Glen and Eldridge Park.

Eighth Grade:

We were still the same old gang (only thought we were older and more dignified). This year we faced our dreaded enemy which we had always heard so much about--eighth grade exams! Pat Brennan led out with high score. Then our great flood came to rescue us from our last week of school.

Ninth Grade:

Because the rural schools were consolidated with the boro school we had a few new members. They included Ray Manning, Melvin Boom, Lynn Erickson who have faithfully stuck with us. This year we had our share of hot dog roasts at Ryder's cabin, Tannery Creek, and Watkins Glen. Ray Manning and Pat Brennan had the leading roles in the senior play, "Sunbonnet Jane from Sycamore Lane".

Tenth Grade:

This year our class numbered fifteen. Pat Brennan was our new class president. Our civics project was a success. Many social activities and lots of clean-up work. This year Mary Farr helped with the senior play,"Homer's Home Run". We looked forward to our new year when we would join with Tioga and Millerton schools.

# TIOGA CLASS HISTORY

Seventh Grade:

After six years of struggling through the elementary grades we finally entered junior high school. At first those hour periods seemed endless, but we finally got used to them. Jim Norwood joined us this year and very readily learned the purpose of study halls. Remember, Jim?

Eighth Grade:

From September to May the county exams. hung over us like a black cloud, but we managed to get through them by the skin of our teeth.This was probably due to our happy-go-lucky nature.When we received our scores we nearly passed out. The three highest were Dick Hatfield,Lois Hymes, and Edward Greene. The eighth grade basketball team enjoyed a good season, and most of them looked forward to the next year when they would play on the Junior Varsity.

Ninth Grade:

This year we had an addition of three students from Farmington.About the only activities that we sponsored were one or two trips to the Grotto. The really big item was that everyone in the class had to carry time sheets because a few just couldn't prepare their homework. What a bother!

Tenth Grade:

The extent of our activities this year was several trips to the Grotto and a Saint Patrick's Day dance.Lois Hymes and Jean Elliott were chosen cheerleaders this year. Dick do you remember how you picked on Jean?Boy did she get mad!We managed to struggle through "Merchant of Venice" and looked forward to the dreaded day when the Lawrenceville and Millerton groups would join us.

# WILLIAMSON CLASS HISTORY

Eleventh Grade:

Boy, was Tioga ever disturbed when Millerton and Lawrenceville arrived.We looked--,wondered--, and then introduced ourselves. We began the year by studying diligently, but by the end of the first quarter we slipped back into the old rut again.

Our heads were in the clouds in December, for our class rings arrived after we had patiently(?) waited for them since October. For many months after this our right hands were held high in the air for fear some lowly sophomore might get our rings dirty.

Do you hear that horse whinney?That's just Jimmy Steele practicing his part for the junior play,"Just Ducky", which we presented in the spring.

The highlight of the year was the junior-senior picnic at Enfield Glen with peanut butter sandwiches and chocolate cake. We all took nice long strolls and ended up chasing water snakes.

We waited on the seniors hand and foot at baccalaureate and commencement, and just to please them, we bought a yearbook.

We left in June, wondering how many would return for the senior year.

Twelfth Grade:

At the opening of the school year our treasury was mighty low, so low, in fact, that we could hardly see it. So we immediately got to work with a magazine sale. A house to house canvass boosted our profit to the very top. Our next project was the sale of greeting cards. What fun we had carrying that large box of samples from door to door.

Since all the girls but two were in Home Economics we had no trouble at all with our three banquets(blistered feet and dish-pan hands!). It was really a sight to watch Dick and Wayne run the potato peeler and Jim and Edward use a dish towel.

Both the plays, "Whiz Kids" and "Faith, Hope, and Flarity", were presented more for fun than for money,although we certainly appreciated the latter when it came rolling in.

When we published our yearbook we started out with the intention of getting it done early, but as usual we waited until the last minute to do it. Juniors, take warning! Never make this mistake! But thanks to the whole faculty, we finally got it done only two weeks after our deadline. Hurrah!

During the last full week of school we were kept busy with baccalaureate, junior-senior picnic,alumni banquet, class day, and commencement. We left for our Washington trip on the fifth of June and had a wonderful time while the rest of the students were sweating out the last two days of school.

## *Au Revoir*

(Tune:Let the Rest of the World Go By)

We all say goodbye to Williamson High

And dream of all the days
that we have spent with you;

We bid farewell to teachers, dear,
and to schoolmates who are here.

We've spent many hours,
'mid sunshine and showers -

We gave our very best to you;

And so when we are blue,
We'll oft think of you;

So now farewell to dear Williamson High.

# The Whiz Kids

" The Whiz Kids ",a three act farce by Jay Tobias, was presented on Nov - ember seventeenth, eighteenth, and twenty - first.

Archer Kingsley inherited a mansion and an old wallet with one worn nickel; three children-- Notalee,seventeen, and the thirteen-year- old twins,Buck and Bunny, better known as the Whiz Kids. The twins were determined to get rid of Unky's over - optimistic girl friend, "Glad" Tydings, and mamma's pessimistic undertaker boy-friend, Burwell Underhill, so when Archer wrote a letter to his boss, Lola Lovejoy,they switched the letters. Mrs. Lovejoy rushed right over to accept the proposal,and Archer put off telling her the truth until " Glad " came to return his business letter. Things started popping when Mrs. Lovejoy found out that "Glad" was engaged to Archer, and Dade made love to Amy to make Noralee jealous. In the confusion which followed, Buck gave " Glad " a glass of alum water which puckered up her mouth, and "Burywell Underground" got bit on the big toe by a turtle. The climax came when the Twins discovered that the old nickel was valuable, Archer's manuscript of the life of Lord Byron was a masterpiece and Amy and Archer realized that they were in love.

# Faith-Hope, and Flarity

The Crabbe twins, Faith and Hope, are upset, because according to a pledge made by their father to his war buddy, Patrick Flarity,one of them must marry Pat's first son.

During their father's absence,Terence Flarity and his friend, Jack Quinlan arrive at the Crabbe home. The twins decide to make themselves hideous so that Flarity won't propose. When Flarity arrives he has the same idea. Their disguises aren't made known until the sudden return of Mr. Crabbe and an un- expected visit of Mr. Flarity. Upon removing their ugly make-up, Faith and Flarity fall in love, and Hope and Jack follow suit. The fathers are now bitterly opposed to the marriage, because they have both fallen hard for the masquerading Sally. The young people finally straighten out their tangled affairs, making a fitting climax to this whirlwind farce.

# BASKETBALL

## Varsity Squad

The Varsity of Williamson High School has shown much co-operation in practice and playing. Under the coaching of Donald Etters remarkable progress has been made and we are in hopes that another season will bring a victorious team with a high league standing.

Five of the players will graduate this year, but we are sure that those who take their places will strive to make their team as great a success as it was this year.

## Junior Varsity Squad

This group of players has shown a great deal of playing ability as the Junior Varsity of Williamson High School. Many of them look like remarkable prospects for next year's Varsity.

The boys were always right there playing from the first to the last whistle. Although they only succeeded in winning three games, they ran up close scores in the others.

# CHEERLEADING

When you hear that "Let's go" yell, you know that the Varsity cheerleaders are ready for action. As the game starts, their bright colored uniforms are seen flashing across the floor.

Miss Dumbar, our counselor, has been very patient with us, and has worked very diligently with us, drilling on those exercises.

When a new cheer, "Hail To The Varsity," was started, everyone seemed to be very pleased with it, and really put their hearts in it, singing with us, until the rafters rang.

Come on, Team
Let's Go!

When you hear this yell, you see five girls attractively dressed in blue and white uniforms appear on the floor.

These girls surely put plenty of pep in all their yells and try to get the boys off to a good start. All through the game they let the boys know that they are backing them with their cheers.

Without a regular supervisor, these girls depended on Ann Matthews for help, when she could spare time from college.

One of the cheers they like best is:

W.J.V's. Rah, Rah, Rah!
W.J.V's. Rah, Rah, Rah!
W.J.V's. Rah, Rah, Rah!
Fight, team, fight.!

# BASEBALL

Strike One!

Yer Out!

Play Ball!

Kill the Ump!

Safe!

Ball Three!

Last year the boys who played baseball were all mixed up and because some were not yet acquainted we had a difficult time practicing baseball.

We hope this spring to have a winning team. There were about twenty-one boys who tried out this year and if they all do their best, Mr. Etters, our coach, will not have to bite his fingernails as he did at the basketball games. If by any chance they aren't highest in the league we will know that they have played their best.

# SOCCER

Williamson High School Soccer team,
You'll always find them on the beam,
The whole team had a ready grin,
For some must lose while others win.

# ACTIVITIES

# F.F.A. CLUB

Seated: Richard Purvis, Melvin Boom, Donald Wales, Charles Glover, Winston Rumsey, John White, Mr. Snyder-sponsor, George Glover.
Standing: Charles Button, John Davidson, Kenneth Butler, Roger Audinwood, Kenneth Button, George Doane, Kenneth Heck, Harold Gee, Raymond Baker, Edwin Heck.

F.F.A. could very well stand for "fellowship", "fun", "activities", because all of these must take place in order to have a successful organization. Although F. F.A. could stand for the above, it really stands for Future Farmers of America, whose main purposes are: to promote rural leadership, and to strengthen the confidence of the farm boy in himself and his work. Ours is a natural organization which exists in many of the United States and also in Hawaii.

In our local chapter we have many activities which keep us busy all year. Among these are basketball in the winter and softball in the spring. Soon after school starts we hold the initiation of the "Green Hands", which is the first degree in the F.F.A. In May we have county contests in dairy judging, farm mechanics, and poultry judging. John White won the dairy judging contest last year and represented Williamson at State College in June.

In January we elected officers for 1950.They are:President- Charles Glover, Vice-President- George Glover, Secretary- Kenneth Button,Treasurer-George Doane Reporter- Donald Wales, and Sentinel- Roger Audinwood.

On March 2, at a county chapter meeting at Charleston, John White won a gold medal for having had the 3rd. best dairy records in the state.

Through our efforts our organization has grown into something of which we can be very proud.

# F.H.A. CLUB

First row: Juanita Farman, Marie Smith, Mary Dunham, Janis Everett, Hazel Purvis, Ruth Holecek, Betty Kilburn, Beverly Wheeler, Miss Dunbar, Nancy Kilburn, Sydnie Cole.
Second row: Geraldine Patterson, Ernestine Bartlett, Donna Deats, Beverly Smith, Marilyn Bement, Evelyn Smith, Delores Adams, Marcella Everett, Minnie Marrick, Bessie Ellis, Delia Simons, Thelma Shoemaker, Gloria Robinson.
Third row: Lucille Erickson, Ilba Garrison, Donna Pye, Ruth Fowler, Marion Tebo, Rose Mary Brewer, Maxine Howe, Mary Farr, Louise Griffin, Virgilene Bement, Bernice Heater, Althea Murphy.

The Personality Plus Chapter, with Mary Dunham as President, has done many things this year. We made drapes to decorate the new girls'restroom. We are trying to make our sewing room a more pleasant place to work. We are doing this by adding colorful pull drapes to cover our blackboards when not in use.

Bernice Heater won the following awards at the State Farm Show: First prize on a childs suit, and third prize on curtains for the Home Economics room.

We collected and sent two boxes ofclothing and toys to the World Christmas Festival.

On Dec. 22 we held the Emblem and initiation service in the auditorium. Junior Homemaking degrees were awarded to Althea Murphy and Phyllis Anderegg for meeting standards set up by the national homemaking organization. Althea Murphy and Betty Kilburn were chosen to attend the Pennsylvania F.H.A. Convention. Althea sang in the state chorus.

# BAND

First row: Mary Farr, Donald Treat, Maxine Howe, Doris Tillinghast, Marilyn Doud, Patricia Colegrove.

Absent: Althea Murphy.

The Williamson High School Band made a great deal of progress in the year 1949-50. It was first re-formed in September. The band consisted of three drums, five cornets, nine clarinets, and one saxophone. The Bass and Tenor sections having been completely depleted the previous graduation, the first thing accomplished was to change some of the students to other instruments as quickly as possible.Others were trained until the band organization was completed.

We set as a goal:"Better Playing to Make Better Music". In order to achieve this, pride had to be built into the group. First of all, a standard was set for each instrument in the band; letters and sweater emblems were ordered for the first time for those who could meet the standards. Other incentives were: (1) the Band Party, held in the gymnasium in March.(2)the Band Supper held the night of the May Concert, (3) and the Band Picnic at Stony Fork Park.

Through effort and hard work, the band has reached a level of achievement of which it can be proud. It played at the senior play, at pep rallies, in the Halloween Parade, for Memorial Day, and for the Spring Concert. It also held assembly programs in all three schools. Among other things, the band plans to have summer band school, culminating in open air concerts in the park.

The band was honored to have some of its members attend other festivities during the year.Four were picked to go to District Band at Coudersport, Pa. Eleven students were selected to attend the County Band at Blossburg, Pa.

All in all,we feel we have had a very successful season under the capable and inspiring direction of Mr. Anderson.

# ORCHESTRA

First row: Mr. Anderson, Patricia Colegrove, Arnold Bliss, Karen Baker, Doris Tillinghast, Mary Farr, Maxine Howe, Marilyn Doud.
Second row:Toletha Reese,Christine Douglas,Sessaly Prugh,Janice Kinner, John Brown.
Third row: Arletta Tobey, Wanda Smith,Gerald Bryant, Buell Baker,Betty Kelburn, Beverly Colegrove, Ray Manning, William Harrison.
At the piano: Althea Murphy.

When we started rehearsals in September, we didn't sound too good, in fact many of the notes that our instruments emitted were definitely "sour".Now after much practice we are able to play several selections without too many mistakes. We expect to play for the second Senior play and for the men's Brotherhood Association. Arnold Bliss, Karen Baker, Sessaly Prugh, Christine Douglas, and Toletha Reese represented Williamson High School at county orchestra held in Wellsboro on March second. Those of us who have attended orchestra rehearsals will never forget "Hungarian Holiday".

# Boys Chorus

Seated: John Brown, Buell Baker, Duane Congdon, Harold Gee, Ray Manning, Raymond Baker.
Standing: Mr. Anderson, Alfred Hughes Jr., Warren Kinney, Kenneth Button, Gerald Bryant, Charles Button, Joe Schoonover.

Boys' Chorus met Friday afternoon during the second period, singing for enjoyment rather than performance. Often the other students listened with pleasure to the strains of "Vive L'Amour" coming from the Home Economics room.

For the first time the boys attempted four-part singing. Because many of them did not know how to read music, a great number of the sessions were spent in learning the fundamentals of music.

The members of the boys' chorus combined with the girls' Triple Trio and served as a mixed choir for the Christmas program. The boys' chorus has been invited to sing at commencement.

Three members of the chorus were chosen to go to county chorus at Wellsboro.

Throughout the year Mr. Anderson's patience and enthusiasm have encouraged the boys, and they are looking forward to another year of enjoyment and achievement.

# GIRLS' CHORUS

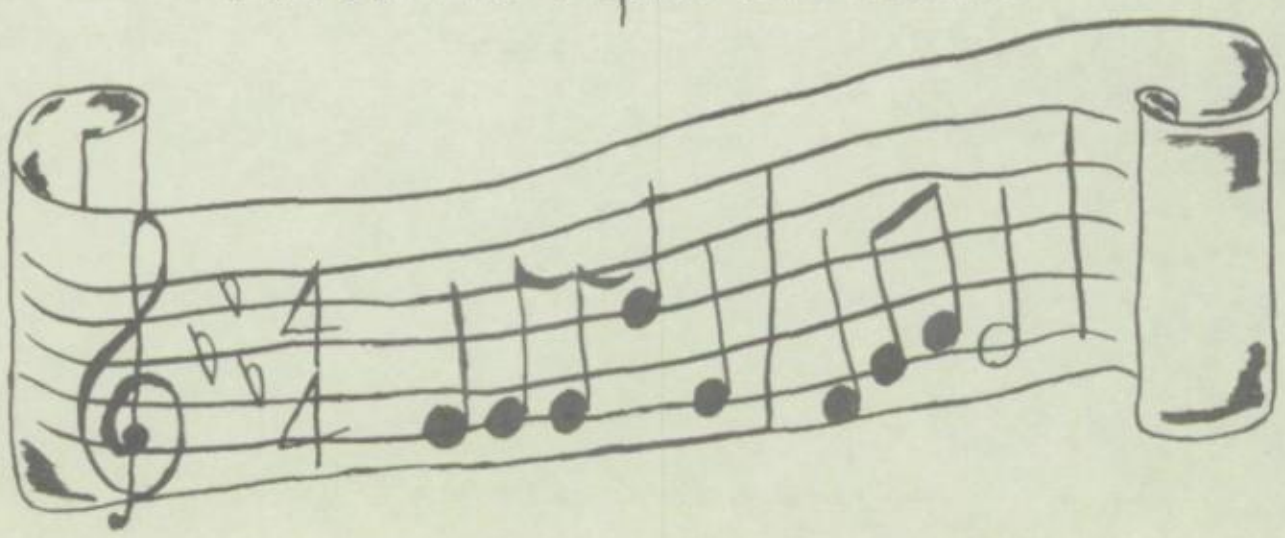
Front row:Patricia Colegrove,Althea Murphy,Janis Everett, Patricia Brennan, Ilba Garrison, Betty Kilburn, Sydnie Cole, Wanda Smith, Beverly Wheeler, Louise Griffin.
Second row:Marilyn Doud,Thelma Shoemaker,Marie Smith,Beverly Smith, Ernestine Bartlett, Marilyn Bement, Delores Adams,Donna Deats, Janice Kinner,Hazel Purvis, Marcella Everett, Geraldine Patterson.
Third row: Arletta Tobey,Bernice Heater,Ruth Fowler, Doris Tillinghast,Rose Mary Brewer,Jean Elliott, Barbara Wood,Mary Farr,Maxine Howe,Juanita Farman, Arelene Stephens.

This group of girls has found much enjoyment in chorus work. We have had fun too, and we'll never forget Mrs. Glenwright's collapsible music stand. The Jr.High School Choruses joined with the Sr.High School Chorus to produce a cantata, "The Childhood of Hiawatha" on Mar. 17.

Among the favorites of the chorus songs are: All in the April Evening, Waters Ripple and Flow, and Nightfall in Granada.

We are all grateful to Mrs. Glenwright, our instructor, for the help she has given us.

All In The April Evening



# TRIPLE TRIO

Seated: Barbara Wood, Maxine Howe, Mary Farr.
Standing:Althea Murphy,Juanita Farman,Jean Elliott,Patricia Colegrove, Patricia Brennan, Ilba Garrison.

# QUARTET

Seated: Mr. Anderson.
Standing: Gerald Bryant, John Brown, Charles Button, Buell Baker.

These nine girls have made remarkable progress this year, thanks to Mrs. Glenwright, the director. They have made good use of their weekly practice period of forty-five minutes. All nine of them attended County Chorus, and will never forget "Dry Bones". They provided music for the first senior play, the Christmas program, the Cantata, and commencement. Although five of them graduate this year, they hope that those who take their places will have as much fun in Tripie Trio as they have had.

Because all the members of the 1949 quartet graduated last June,it was necessary to form an entirely new group this year. Several boys tried out for quartet and finally John Brown-first tenor, Buell Baker-second tenor, Gerald Bryant- first bass, Charles Button-second bass, were selected. New books were obtained and hard work was begun in learning to sing together.Particular difficulty was found in the first attempt to sing barber shop harmony.One of the highlights of the year was their appearance on the senior play program in April.

The hard work and experience of this year will pay off in a successful season next year.

# Strange Things Have Happened in This Laboratory

Steel nails have been driven with glass hammers and glass nails have been driven with steel hammers. Shiny glass marbles have been transformed into soft-as-down fabrics. Glass tubing has been deliberately smashed to bits in the process of making an important industrial product. Glassware has been bounced and tossed off a number of different surfaces.

These are a minute fraction of some of the unusual, even weird, activities that commonly occur in Corning Glass Works' research laboratories. And each has a bearing on the circumstances of the average person's everyday life.

In living up to the slogan, "Corning Means Research in Glass", the company has contributed a virtual flood of different glass products for use in school, industry and the home.

In fact, in virtually every phase of our life, products by Corning Glass Works, Corning's largest industry, play a subtle but enormously important part.
